Telehealth - MDLIVE

The image displays two pieces of marketing material for MDLIVE. On the left is a flyer titled "Need a doctor? No long wait. No big bill. Always open." It features a woman on a phone and text stating that MDLIVE allows for virtual visits from home, office, or on-the-go. It highlights that there is no waiting room and no insurance cost. A central graphic shows "Your COPIY is just \$0". Below this, it lists "We treat over 50 routine medical conditions including:" followed by a list of ailments such as Acne, Allergies, Cold/Flu, Constipation, Cough, Diarrhea, Ear Problems, Fever, Headache, Insect Bites, Nausea/Vomiting, Pink Eye, Rash, Respiratory Problems, Sore Throat, Urinary Problems/UTI, Vaginitis, and Anal Issues. At the bottom, it says "Download the app." On the right is a page titled "What You Need To Know About The CORONAVIRUS". It includes sections for "WHAT IS THE CORONAVIRUS?", "PREVENTION TIPS", and "CORONAVIRUS FACTS". The prevention tips include staying home if you're sick, washing hands frequently, avoiding contact with people who are sick, trying not to touch eyes, nose, or mouth, cleaning and disinfecting surfaces, and refraining from traveling if possible. The facts section notes that MDLIVE continuously monitors CDC guidelines and is prepared to screen patients for COVID-19 symptoms.
